ABclonal Universal Filter Tips

Maximise sample recovery, accuracy and precision

Designed with an even and durable liquid-repellent surface, **ABclonal Universal Filter Tips** are compatible with pipettors from top brands including Eppendorf, Thermo Fisher, Gilson models and more.

Don't pay too much for your tips - you probably use a lot of them! Compare our list prices below (e.freezers and some e-commerce platforms get 10% off that too). If you would like to try out a set before your order, simply request a sample.

Size	Racked Filter Tips	1 Box (10 racks)	1 Carton (50 racks)	
1250ul	AI1250FHL	\$84	\$393	<ul style="list-style-type: none">• DNase/RNase/Pyrogen free• Made from medical grade polypropylene• Available via the eFreezer• Free shipping• Manufactured in ISO9001 certified facilities• Produced in ISO class 8 cleanroom conditions• Assembled in ISO class 7 conditions
